# Dhananjay Pareek

Certified SOC Analyst · Full-Stack Developer (WP/Shopify/Custom Code) · SEO Expert · Helping 15+ Startups with Optimized Web Applications & Cross-Functional Expertise in Social Media Design India

## Summary

EC-Council Certified SOC Analyst and full-stack developer with hands-on experience in web development, graphic design, social media, and SEO. I build websites and web applications on WordPress, Shopify, PHP/Laravel, React, .NET, and more with security and performance built in from the start. I've worked with 15+ startups in India and the UK, helping them grow their digital presence through clean code, creative content, and technical optimization. Currently expanding deeper into cybersecurity with a focus on threat monitoring and blue team operations. Open to roles in web development, digital design, or cybersecurity.

---

## Experience

### YOROOM!

Creative Designer at YoRoom!

October 2025 - Present (6 months)

United Kingdom

Managing the visual identity of YOROOM's Instagram and LinkedIn platforms remotely. Responsible for designing social content that reflects the brand's values and drives community engagement.

### Avior Jewels

Avior Jewels - Shopify Developer & Digital Growth Consultant

March 2025 - Present (1 year 1 month)

Remote

Managing end-to-end Shopify development, SEO, and ongoing AMC for Avior Jewels, a D2C jewellery brand. Work includes store development, theme customization, product management, technical SEO, and off-page optimization through quality backlink building and DA improvement. Over the last 90 days the store recorded 16.3K sessions, and 99 orders with total sales up 24%, orders up 18%, and conversion rate improved by 213% through continuous optimization, SEO audits, and strategic link-building.
